SOT Saeed Ahmed (Arabic)
"I have two daughters with disabilities. I spent a lot of money to treat them, and I went to Sana'a to treat them after an association helped me once. Each of them have three operations. I borrowed money for their medications and

sold their mother's gold for them. This daughter has a surgery on her brain. I spent two months with her in Sana'a so she could get the right medication. I left my family here alone."
