WFP News Video

Shot: 03-11 November 2020

Locations: Nicaragua, Italy

TRT: 3:08

SHOTLIST:

:00-:16

GVs of Hurricane Eta making landfall in Bilwi, the main town of the Caribbean Northern Region in Nicaragua.

Bilwi, Nicaragua

Shot: 3 Nov

:16-:26

GVs of damage and people cleaning up after the storm.

Bilwi, Nicaragua

Shot: 5Nov

:26-:37

A WFP team assesses the damage and talks to people who have lost their homes. Woman can be heard saying *"Right now we need your help, really, we don't have anything, we lost everything."*

:59-1:15

SOT Celia Frederick Moore, Guililandia Community Leader (English)

“Over 40 houses have been destroyed just in this piece here – totally destroyed. They stay with their hands open.. Nothing. They lost clothes, food, house. Everything.”

Bilwi, Nicaragua

Shot: 8Nov

1:15-1:21

Children walking away in Guililandia community.

1:26-1:43

SOT Prudencio Ballestero, Farmer (Miskito)

“The whole community was flooded. I lost everything I planted: Cassava, sugar cane, rice and maize.. It’s all gone.”

1:48-2:28

SOT Miguel Barreto, WFP Regional Director (English)

"Latin America and the Caribbean has been probably the continent more affected by COVID-19. So far, just in the countries where WFP has presence, the number of severe food insecure people has increased in almost 14 more million. So if we move to Central America and we know that we also had a drought affecting millions in the dry corridor and now affected by the hurricane, we can understand that this is going to be a disaster if we don't react immediately to support these people in need."

Rome, Italy

Shot: 11Nov

2:28-2:58

GVs of evacuees in temporary shelters in Waspam receiving WFP food. The Government of Nicaragua evacuated families from 14 communities along the Coco River who were severely affected by the storm.

The evacuees were taken to temporary shelters –churches and schools—in the communities of Koom and Wasla, which are located on high ground.
