World Food Programme/Blood Diamond film trailer

01:49-02:15

SOT Edward Zwick, director Blood Diamond

“Hunger is bad governance, hunger is need, hunger is poverty, hunger is any number of things..it’s the outgrowth of something that is systemic and when you have in place some system that is not enriching the lives of the people, whose country is being exploited that leads to hunger. I think that exists in any of those areas here in Africa or in the world, where that same set of circumstances exists.”

Port Luko, Sierra Leone, April 1999

World Food Programme, distribution

02:32-02:50

SOT Edward Zwick

“As filmmakers we want to be accurate, and in so many circumstances the World Food Programme has been at the center of refugee camps and at countries in distress, in Sierra Leone as in other places...so the fact that we would ask them for their participation, and that they would allow it, was important to us.”
