Woman picking maize on the ground
Woman and man picking maize on the ground
beneficiaries' carrying sacks of maize

00:13-01:41 SOT Peter Nyenya, WFP Program assistant

“WFP food aid is quite important, and they valued it so highly, because at least they are assured of a decent meal from the WFP food aid, particularly when you look at the coping mechanism which they have been having at the moment most of them are confident, that at least they will have two decent meals a day as compared to one meal they have been having in the past.”
